## Announcement!

Posted by YemTube - 2008/11/04 07:40

---

We receive a lot of videos from Guests. Anyone registered or not can add videos to YemenTube. However, guests can not publish their videos, they have to be published by a moderator. However, registered users can publish their own videos, therefore we strongly recommend that you register so you can publish your videos without a moderator. Just make sure you select "Yes" for publishing. Thanks

Regards,

YemenTube Team
